STUDENT STATEMENT OF UNDERSTANDING: My signature confirms my desire to be enrolled in 3DE at Northview High School. I understand 3DE is a school-within-a-school model, designed around a cohort of students and dedicated Northview teachers. My intent is to participate in all four years of the model to attain its full benefits. This Enrollment Form confirms my one-year commitment to my 3DE courses and schedule at Northview. I further understand enrollment in 3DE includes participation in coursework, electives, and site visits; the subject matter content and workload of 3DE classes mirror non-3DE Northview classes. I understand I must submit the required student enrollment documents; and it is the responsibility of the student/parent to submit these files to the appropriate contact(s), which are listed at the bottom of this Enrollment Form.
